ABDULLAH ZULFIQAR

.NET FULL STACK DEVELOPER

📱 +92 333 4320471 | ✉️ abdullahzulfiqar137@gmail.com | 📍 Lahore, Pakistan | 🔗 LinkedIn

SUMMARY

Dynamic and results-oriented .NET Full Stack Developer with 1+ year of hands-on experience in designing and developing robust, scalable web applications. Proficient in building high-performance backend systems with ASP.NET Core, C#, Entity Framework Core, and SQL Server. Excelled in creating intuitive, responsive frontend interfaces using Angular and modern web technologies. Demonstrated strong expertise in RESTful API development, database architecture, and end-to-end application lifecycle. Currently pursuing BS in Information Technology Management while actively applying and expanding technical skills in real-world projects.

EXPERIENCE

Full Stack .NET Developer | Awatech Technology Solutions | Lahore, Pakistan | 2024 – Present
• Developed highly responsive and user-centric frontend applications using Angular, TypeScript, HTML5, CSS3, and JavaScript, ensuring seamless user experiences across devices.
• Designed and implemented scalable, secure RESTful APIs using ASP.NET Core and .NET Core Web API to support complex business logic.
• Implemented Entity Framework Core using Code First Approach, enabling efficient ORM-based data management and rapid development.
• Designed, optimized, and maintained SQL Server databases with proper schema design, indexing, and query optimization for enhanced performance.
• Implemented full CRUD operations and successfully integrated RESTful APIs for smooth frontend-backend communication.
• Troubleshot and resolved critical bugs while optimizing application performance, contributing to more efficient and reliable enterprise solutions.
