PROFILE SUMMARY

.NET Full Stack Developer with 1+ year of hands-on experience designing and developing robust, scalable web applications. Strong working knowledge of ASP.NET Core, C#, Angular, Entity Framework Core, SQL Server, and RESTful APIs, with practical experience across responsive frontend development, backend API design, database integration, debugging, and performance optimization.

PROFESSIONAL EXPERIENCE

Full Stack .NET Developer

Awatech Technology Solutions | Lahore, Pakistan | 2024 - Present

- Developed responsive frontend applications using Angular, TypeScript, HTML5, CSS3, and JavaScript.
- Designed and implemented RESTful APIs with ASP.NET Core and .NET Web API for application workflows and business logic.
- Implemented Entity Framework Core using the Code First approach for maintainable ORM-based data access.
- Designed and maintained SQL Server databases using schema design, indexing, and query optimization practices.
- Built CRUD workflows, integrated Angular modules with backend APIs, and resolved application bugs and integration issues.

TECHNICAL SKILLS

Backend: C#, ASP.NET Core, .NET Web API, Entity Framework Core, RESTful APIs, Code First
Frontend: Angular, TypeScript, JavaScript, HTML5, CSS3, Responsive Web Design
Database: SQL Server, Database Design, SQL Queries, CRUD Operations, Indexing
Tools: Visual Studio, VS Code, SSMS, Git, GitHub, Postman, Swagger

SELECTED PROJECTS

BizOps Platform

Angular | ASP.NET Core | SQL Server

Full-stack business operations platform covering frontend, API, and database development.

- Developed and integrated backend APIs for business workflows.
- Implemented responsive Angular frontend features and REST integrations.
- Integrated SQL Server data access and CRUD workflows.

Developer Portfolio

Angular | TypeScript | GitHub Pages

Responsive portfolio presenting professional experience, technical skills, services, and software projects.

- Built with reusable Angular components and responsive layouts.
- Includes interactive project presentation and professional contact links.
- Deployed publicly through GitHub Pages.

EDUCATION

BS Information Technology Management (Post ADP)

NCBA&E, Lahore | In Progress - 5th Semester

Associate Degree Program (ADP) in Information Technology Management

Riphah International University, Lahore | Completed

DEVELOPMENT PRACTICES

Code First ORM
Structured Entity Framework Core data access and migrations.

Responsive UI
Angular interfaces designed for desktop and mobile layouts.

API Integration
Frontend-backend communication through RESTful services.

CRUD Workflows
End-to-end create, read, update, and delete operations.

Database Optimization
Schema design, indexing, and query optimization practices.

Version Control
Git and GitHub for source control and project collaboration.
